Lug Connector

Roll on

Depending on your boat, to ease your drive on experience, we may suggest this new type of drive on. Therefore it is perfectly suitable to your normal boat, rib or aqua scooter. Just like all our cubes, our drive on cubes are durable and are maintenance free. This will make our product durable for a lifetime. Our products are made of recycled materials which are to food grade standards ensuring that they will not damage the environment and are always safe to use.
